**** MEDIA ADVISORY / PHOTO OPPORTUNITY ****

Josh Reddick to Appear at Oakland Unified School District Science Fair Tonight

A's Outfielder to Meet with Students on Behalf of A's and Chevron's New "Science of the Game" Program

WHAT: 2012 Oakland Unified School District K-12 Science Fair
A's outfielder **Josh Reddick** will appear at the 2012 Oakland Unified School District K-12 Science Fair at the Chabot Space & Science Center tonight from 6-7 p.m. on behalf of the A's "**Science of the Game**" program.

The 2012 Oakland Unified School District K-12 Science Fair will showcase more than 250 student science fair projects and feature local partner activities such as Chabot exhibits and planetarium shows. Reddick will meet with the students, view their science projects, and invite them to take part in the A's new educational program, "Science of the Game."

The "Science of the Game" program, launched this week by the A's and Chevron, is a unique program that deepens interest and understanding among Bay Area youth by applying science to baseball. The A's have designed and will distribute more than 15,000 "Science of the Game" workbooks to local schools that utilize science formulas to answer questions related to various aspects of the game of baseball. The three workbooks, targeting grades 1-2, 3-5, and 6-8, are also available at www.oaklandathletics.com/science. Students who complete their workbooks and submit their answer sheet to the A's will receive two ticket vouchers (restrictions apply).

WHEN: Wednesday, May 23 from 6-7 p.m.

WHERE: Chabot Space & Science Center
10000 Skyline Boulevard
Oakland, CA 94619
