A's Release LHP Jairo Labourt

MESA, Ariz. – The Oakland A's released left-handed pitcher Jairo Labourt, the club announced today. Labourt was designated for assignment on Monday when the A's signed Jonathan Lucroy.

Labourt was claimed off waivers from Cincinnati on March 4 after the Reds claimed him off waivers from Detroit on March 2. He has not pitched this spring. Labourt made his Major League debut with the Tigers last year and compiled a 4.50 ERA and .200 opponents batting average in six relief appearances during a September call-up.
